

Safety Plan for [REDACTED] and [REDACTED]  
 Created: 11/07/2022  
 Ryan Rosenau / Assistant Principal / Lake Oswego High School

To: Initiate supportive measures for [REDACTED]  
 Pertaining to: criminal allegations against [REDACTED]

Failure to adhere to this safety plan with fidelity will be considered in violation of district policy GBNA/JFCF against harassment and intimidation and will result in discipline up to and including expulsion.

Possible Points of Contact	Safety Plan to Resolve Conflict
1. Period 4. Both students are enrolled in the same Theater Tech class.	[REDACTED] was withdrawn from P.4 Theater Tech and enrolled in early release. C [REDACTED] will leave the building after the third period.
2. Unstructured Break Time during Teacher Student Contact Time.	[REDACTED] will spend TSCT in the school library or in his English or chemistry class.
3. Lunch Break	[REDACTED] will eat lunch and remain in the school cafeteria or art hallway for the duration of the lunch period and until the tardy bell rings.
4. Passing time between third and fourth period	[REDACTED] will remain in the history hallway until the tardy bell rings for fourth period and then immediately exit the building unless meeting with a teacher or school official.
7. Start of day transition on B-Days	Upon arriving at school, [REDACTED] will remain in the history/social studies hallway and then proceed directly to study hall class. [REDACTED] will avoid the history/social studies hallway during that time.
9. Passing time between seventh and eighth periods	[REDACTED] will remain in his classroom for three minutes following the release bell.
11. Support Seminar	[REDACTED] will avoid the cafeteria, world language hall, and Mr. Huss' support seminar unless planned through prior notice to school administration.

13. Use of restroom during class time	Both students will use the restroom facilities located in the academic wing of their current location. During the sixth and seventh periods, [REDACTED] will use the restroom on an alternate floor.
14. Attendance at after school events including sporting events, dances, and performances.	[REDACTED] will notify a school administrator two days before attending any school event. The administrator will then contact the other student to determine if she wishes to attend as well. If a conflict arises, a safety plan for that event will be developed.
15. Graduation ceremony.	A safety plan to be determined if [REDACTED] wishes to attend the graduation ceremony.
16. School Assemblies.	[REDACTED] will report to the library and remain in the building during school assemblies or, with prior notice, may attend the assembly under a developed safety plan.
17. Emergency drills. [REDACTED] and [REDACTED] may share a common outside assembly area.	Drills will be conducted during a time in which [REDACTED] and [REDACTED]'s outside assembly areas are separated. In the event of a unification drill (where students assemble on the football field) [REDACTED] will sit at the top of the bleachers close to the gym doors.
18. Unexpected proximity.	[REDACTED] must immediately remove himself from the area by walking in the opposite direction.

- Note: This safety plan may need revising in the event of a schedule change
- This safety plan will be reviewed by all parties at the start of the second semester, 1/27/2023, to consider any necessary edits.
